## DOCUMENTARY WORLD RIGHT AT YOUR HOME!

After the great fall season of Doc Alliance festival partners, we are focusing on documentary film as a specific means of artistic expression. How does the film language change in the hands of visual artists? Can film footage tell things that cannot be told by visual arts? Both, classic and experimental, short and long, yet always original; such are the **author-driven films by renowned Czech artists available from November 18 to 24 for free.**

Uncompromising, engaged, critical and original. Such are the characteristics of both the film works and personality of Ukrainian directing legend **Vitaly Mansky**. The unique retrospective collection of 9 films introduces the crucial themes of Mansky's film world. Follow the problems of contemporary Putin's Russia as well as recollections of the **Soviet Bloc from November 25 to December 8 for free.**
